Print Promotion

28th International Packaging, Printing, Plastics Machinery, Technology, Products and Services Exhibition

7 – 9 OCT 2021

SMX Convention Center Manila Mall of Asia Complex, Philippines

www.packprintplasphilippines.com
The Philippines is expected to remain one of Asia’s top growth markets according to the World Bank, with key industries such as manufacturing, construction, transportation etc. driving growth in the country over the next decade.

In the Spotlight: Thriving Industries in The Philippines

The plastics sector is expected to witness a compound annual growth rate (CAGR) of 6.11% through to 2023. The continuous increase in domestic and foreign market demands has made Philippines’ packaging sector one of the fastest growing in the world.

Pack Print Plas Philippines 2019: A Look Back

Pack Print Plas Philippines 2021: The Direct Business Link Between Buyers and Sellers

The International Packaging, Printing, Plastics Machinery, Technology, Products and Services Exhibition returns with yet another unique ensemble of cutting-edge technologies and solutions for these diverse sectors. Building on the overwhelming turnout in 2019, the essential exhibition will showcase the best from the synergistic industries, providing an all-in-one marketplace to serve the respective end-to-end supply chains.
