WELCOME MESSAGES

WELCOME MESSAGES

I extend my warmest greetings to the PackPrintPlas Philippines (PPP) on the occasion of your 30th Anniversary and delightfully join you in welcoming the exhibitors and participants of this year's expo of the packaging, printing, and plastic industry.

For the past three decades, your commitment to quality has advanced not only your field, but also the countless other sectors that depend on your services. Indeed, your contribution to the marketing, sales, and promotion of various businesses solidifies your presence as an integral partner and driver of our economic growth.

As consumer needs evolve and product sustainability becomes increasingly important, it is imperative that we develop innovative approaches on packaging materials, printing technologies, and plastic usage. For this reason, I have great anticipation to the cutting-edge products that will be presented and promoted as you gather for this three-day exhibition. Let this event serve as an opportunity to highlight the ingenuity of Filipino enterprises and its international partners in order to help ensure the upward trajectory of our country's overall progress.

Once again, happy anniversary PPP! I wish you a meaningful celebration and a successful trade show.

FERDINAND R. MARCOS JR.
President, Republic of the Philippines

WELCOME MESSAGES

Assalaamu alaikum.

Warm greetings to all stakeholders, industry partners, and delegates of the 30th Pack- PrintPlas Philippines, the country's premier packaging, printing, and plastics trade show!

For three decades, this event has played a pivotal role in advancing our local industries, fostering valuable partnerships, and opening doors to international markets. Through the knowledge gained and networks formed in gatherings like this, local producers have significantly enhanced the quality, consistency, and reach of their products.

As we come together again, I encourage our producers, processors, and manufacturers to fully seize the wealth of opportunities offered here. This is the perfect occasion to stay attuned to emerging trends and cutting-edge innovations that can sustain competitiveness, all while embracing environmentally responsible practices in manufacturing and processing.

In an era of globalized trade, it is crucial for us to continuously evolve by adopting forward-thinking processes, refining product quality, and increasing overall efficiency. A robust and sustainable manufacturing sector is key to strengthening our economy and securing a prosperous future.

I trust that this year's trade show will once again serve as a bridge to new opportunities, spurring greater productivity, attracting investments, creating jobs, and fostering enterprise development-all of which will contribute to the growth of local economies across the nation.

Best wishes for a successful and productive event! I wish your industry success and stronger growth in the years ahead.

Ang lahat ng ginagawa natin ay para sa Diyos, sa Bayan, at sa bawat Pamilyang Pilipino.

Shukran.

SARA Z. DUTERTE
Vice President, Republic of the Philippines

WELCOME MESSAGES

I extend my warmest greetings and congratulations to the organizers and participants in the 30th PackPrintPlas Philippines (PPP) 2024 to be held at the SMX Convention Center Manila on October 10-12, 2024.

With a history of bringing together the brightest minds and the latest innovations, PPP has established itself as the country's premier event for showcasing advancements in machinery, technology, products, and services.

This year, the exhibition is expected to welcome over 15,000 trade buyers, feature more than 500 brands, and host over 300 booths. The participation of heads of related industry organizations and trade exhibitors from over 18 countries further highlights the international appeal and significance of the event.

The significance of the 30th edition of the PPP, therefore, cannot be overstated as it serves as a vital link between local and international markets. As industries continue to evolve, this event provides a platform for professionals to exchange ideas, explore collaborations, and stay ahead of the curve in a competitive global market.

My congratulations once again to PPP on reaching this historic milestone. I wish all exhibitors and attendees a productive and inspiring exhibition. Mabuhay!

FRANCIS “CHIZ” ESCUDERO

Senate President, Republic of the Philippines

WELCOME MESSAGES

On behalf of the Federation of Filipino-Chinese Chambers of Commerce and Industry, Inc. (FFCCCII), I would like to extend our warmest greetings to the exhibitors, participants, and organizers of "PackPrintPlas Philippines" on October 10 to 12, 2024 at the SMX Convention Center, Pasay City.

This significant event which brings together key players from across the packaging, printing, and plastics industries, is posed to contribute to the further development of sustainable industry solutions to minimize environmental footprint while maintaining economic growth.

As a business organization promoting industry growth and innovation, we appreciate the impact that this gathering will have for the exhibitors and trade buyers representing 18 countries in providing a platform for networking, showcasing innovative products, and exploring new business opportunities.

With God's grace, we pray for continued blessings for all the stakeholders, the entrepreneurs, and the men and women in the packaging, printing, and plastics industries that they may commit their works and goals for its greater progress. As the Holy Bible says in Deuteronomy 28:8 "The Lord will bless your barns and everything you do. The Lord your God will bless you in the land that he is giving you."

Congratulations on the 30th Anniversary of "PackPrintPlas Philippines," our best wishes for your continued success. Likewise, we wish all the participants a rewarding experience at the exhibition. More power and Mabuhay!

DR. CECILIO K. PEDRO

President

WELCOME MESSAGES

Since its establishment in 1998, the Chinese-Filipino Business Club, Inc. (CFBCI) functions as a catalyst for the promotion of a sustainable and balanced business development environment in the Philippines. With a membership of at most 400 individuals who comprise the creme de la creme of the Chinoy community, CFBCI persistently collaborates with the government, institutions, organizations, and like-minded individuals in the pursuit of a brighter future for all Filipinos.

On behalf of CFBCI, please allow me to express our sincerest gratitude to the organizers of the "PackPrintPlas Philippines 2024," the Global Link MP Events International Inc. and Messe Dusseldorf Asia, for giving us the privilege to become a part of this notable event and to welcome its guests and participants.

Our organization recognizes the significance of packaging, printing, and plastics industries in the economy and in our daily lives. From protecting every single commodity we consume to helping us to achieve a sustainable style of living, these industries make our lives healthier, safer, and more convenient. Therefore, we salute those who contribute in developing technologies and innovations to sustain these industries, as well as suppliers and manufacturers who provide gainful employment to millions of people globally.

As we convene the PackPrintPlas Philippines this year, we are hoping that all attendees will seize this opportunity to connect and collaborate with excellent industry leaders, experts, potential partners, and key decision-makers. For certain, this exhibition will pave the way for the discovery of new products, services, and brands, and enhancement of the potential of businesses.

Warmest congratulations to the people behind this exhibition and more power!

For a brighter future,

SAMUEL LEE UY

President

WELCOME MESSAGES

Dear Exhibitors, Visitors, and Industry Experts,

On behalf of Messe Düsseldorf and drupa, we are delighted to welcome you to **PackPrintPlas Manila 2024**! Taking place this October, this prestigious event is set to gather **200 leading exhibitors** and an expected **10,000 visitors**, all coming together to explore the latest innovations in the printing, packaging, and plastic industries.

In a time of continuous transformation, this event plays a pivotal role in addressing the challenges and seizing the many opportunities that lie ahead for these dynamic sectors. With technology advancing at a rapid pace, we are confident that this year's event will inspire new ideas, foster meaningful collaborations, and spark fruitful discussions about the future.

We wish all participants a **very successful show**, filled with cutting-edge **technology trends**, **insightful networking opportunities**, and plenty of inspiration. Let's make PackPrintPlas Manila 2024 an event to remember!

SABINE GELDERMANN

Director

WELCOME MESSAGES

Good day to everyone!

On behalf of the **Philippine Chamber of Food Manufacturers, Inc. (PCFMI),** also known as the PHFood Chamber, it is my great pleasure to extend **a warm welcome and heartfelt congratulations** to all the organizers, coordinators, contributors, and trade participants of the **30th PACKPRINTPLAS PHILIPPINES**.

As the principal organization representing the manufacturers and distributors of food products in the Philippines, the **PH Food Chamber** is responsible for providing consumers with safe, nutritious, and affordable processed food products that are compliant with local and international standards and regulations. We advocate for the advancement of food safety, food security, sustainability, nutrition, and consumer welfare, alongside economic and industrial development.

Packaging is more than just a container for our products; it is a powerful tool that impacts sustainability, food safety, and nutrition. Innovative packaging solutions are vital as we face the pressing challenges of climate change and food security. Labeling also carries immense significance. Clear and informative labels empower consumers to make educated choices about their food, supporting healthier lifestyles and informed dietary decisions. Enhancing transparency and accessibility can help cultivate a culture of health and well-being in our communities.

The **30th PACKPRINTPLAS PHILIPPINES** is a remarkable event showcasing the latest in international packaging, printing and plastics machinery, technology, products and services. It is a platform that promotes collaboration, knowledge sharing, and inspiration. **This aligns perfectly with our mission to raise awareness of innovative technologies that uphold food safety and enhance the food supply chain.**

We commend the organizers, for their dedication in fostering a greater understanding of these innovations and look forward to seeing the positive impact they will have on the industry.

Once again, welcome to this prestigious event, and we wish you all continued success today and, in the years, to come!

Mabuhay!

Marites Directo

Chairman & President

WELCOME MESSAGES

Welcome to the 30th edition of PackPrintPlas Philippines, where innovation and collaboration converge!

We are thrilled to celebrate three decades of this extraordinary event, which has transformed from its modest beginnings at the Philippine Trade Training Center (PTTC) to a world-class platform at the SMX Convention Center. The growth of PackPrintPlas Philippines is a testament to the energy, commitment, and passion contributed by our sponsors, exhibitors, and trade visitors over the years. We extend our heartfelt gratitude for your unwavering support throughout this journey.

Special thanks to our esteemed event partner, Messe Düsseldorf Asia, and our valued collaborators at the Philippine Center for Print Excellence Foundation Inc. (PCPEF), the Packaging Institute of the Philippines (PIP), and the Philippine Plastics Industry Association Inc. (PPIA). Your dedication has been instrumental to our success, and we look forward to continuing to shape the future of our industry together.

To our exhibitors and participants, you are the driving force behind PackPrintPlas Philippines 2024. Your innovative spirit and creativity continually push the boundaries of possibility. We eagerly anticipate the groundbreaking innovations, transformative products, and valuable partnerships that will emerge in this year's showcase, which exceeds 9,000 square meters of exhibition space featuring over 300 exhibitors displaying more than 500 machines and the latest technologies available in the global market today.

Let us seize this unique opportunity to connect, exchange ideas, and inspire one another. PackPrintPlas Philippines 2024 is more than just an exhibition; it is a movement celebrating the future of printing, packaging, and plastics.

On behalf of Global-Link MP Events International Inc., thank you for being an integral part of this journey. We are excited to have you with us and look forward to fruitful collaborations ahead.

Here's to another exciting, productive, and unforgettable experience at PackPrintPlas Philippines 2024!

Warm regards,

PATRICK LAWRENCE TAN

Chief Executive Officer

WELCOME MESSAGES

A warm welcome to all of you on behalf of Messe Düsseldorf Asia. It is my pleasure to be here as we gather for PackPrintPlas Philippines 2024, a leading trade exhibition that brings together machinery, technology, products, and solutions for the packaging, printing, labelling, and plastics sectors.

Serving both the Philippines and neighboring markets, PackPrintPlas Philippines offers a dynamic platform featuring over 200 exhibitors from more than 10 countries. The exhibition showcases the latest innovations, industry trends, and cost-effective solutions—all conveniently located under one roof.

The close integration of the packaging, printing, and plastics sectors underscores the significant role they play in driving progress across industries. When combined, these sectors fuel advancements in innovation, operational efficiency, and sustainability, particularly in today's fast-evolving global environment. PackPrintPlas Philippines 2024 not only showcases the unique contributions of each sector but also reveals the powerful synergies that emerge when they collaborate. Complementing the exhibition is a comprehensive conference programme that explores the key trends influencing these industries, offering new strategies and business models to propel growth and development.

The Philippines remains a key player in Southeast Asia's economic landscape. With escalating demand for packaged goods, beverages, and personal care products, as well as an increasing need for high-quality printing solutions, the role of innovative packaging and printing technologies has never been more crucial. Against the backdrop of a rapidly expanding economy and a vibrant entrepreneurial spirit, the country is positioned as a hub for industrial advancement and innovation. PackPrintPlas Philippines 2024, as a premier international exhibition, plays a vital role in supporting the growth of the packaging, printing, and manufacturing sectors, fostering local talent, and empowering businesses to compete and thrive in the global marketplace.

Through the global network of the Messe Düsseldorf group and Messe Düsseldorf Asia's regional expertise, this event creates fresh business opportunities, enhancing the platform for both local and international companies to succeed.

I would also like to extend my deepest gratitude to our valued partner, Global-Link MP Events International, whose continued support and expertise have been instrumental in elevating PackPrintPlas Philippines. Together, we have worked to amplify the value for all participants, enriching the experience for both exhibitors and visitors alike.

To all our exhibitors and visitors, I wish you a successful and rewarding experience at PackPrintPlas Philippines 2024.

GERNOT RINGLING

WELCOME MESSAGES

On behalf of the Packaging Institute of the Philippines, it is our great honor to welcome you to PackPrintPlas Philippines 2024, as we celebrate a momentous milestone of our 30th anniversary! This event marks three decades of innovation, growth, and excellence in the packaging, printing, and plastics industries.

As the largest organization dedicated to the advancement of the packaging industry, PIP, along with its dedicated members nationwide, proudly supports this year's PackPrintPlas Philippines, a showcase that promises to be the most impressive. Our participation in this anniversary event underscores our commitment to enhancing the capabilities and expertise of our nation's packaging sector.

In celebration of this special occasion, we are excited to offer a series of seminars designed specifically for local and international industry professionals. These seminars aim to provide valuable insights, foster collaboration, and explore emerging trends that will shape the future of our industry.

We extend our heartfelt gratitude to Global Link MP Events Inc., the Philippine Center for Print Excellence Foundation (PCPEF), and the Philippine Plastics Industry Association, Inc. (PPIA) for their exceptional support and partnership. Your unwavering commitment and collaboration have been instrumental in making this 30th anniversary celebration a reality.

To our esteemed exhibitors and visitors, we eagerly anticipate your participation and hope that PackPrintPlas Philippines 2024 exceeds your expectations.

May this event be a catalyst for new business opportunities, meaningful connections, and a renewed inspiration to continue participating in PackPrintPlas for many more years to come.

Here's to celebrating 30 years of industry excellence and to many more years of innovation and growth!

VIRGINIA ROBLEDO
President

WELCOME MESSAGES

Dear Esteemed Guests and Industry Partners,

It is with immense pride and joy that the Philippine Center for Print Excellence Foundation Inc. welcomes you to the 30th year of PackPrintPlas Philippines 2024, marking a significant milestone of our 30th anniversary! Over the past three decades, PackPrintPlas has grown to become a premier event in the packaging, printing, and plastics industries, and we are thrilled to celebrate this momentous occasion with you.

This anniversary is not just a testament to the enduring spirit of innovation and excellence in our industry but also a reflection of the unwavering support and collaboration of our valued partners, exhibitors, and visitors. Your dedication and enthusiasm have been instrumental in shaping the success of PackPrintPlas over the years.

As we commemorate 30 years of progress and achievements, we invite you to explore the latest technological advancements, engage in meaningful discussions, and connect with fellow professionals. This year's event promises to be a vibrant showcase of cutting-edge solutions and forward-thinking ideas that will drive the future of our industry.

Thank you for joining us in celebrating this remarkable journey. We look forward to your active participation and to collectively advancing the horizons of packaging, printing, and plastics.

Here's to 30 years of excellence and many more to come!

JOHN CO

President

WELCOME MESSAGES

Congratulations to the organizers, partners, exhibitors, and participants of the 30th PackPrintPlas Philippines (PPP) 2024!

The 2024 edition of the Sustainable Development Report by the United Nations placed the Philippines in the 92nd spot out of 167 countries, showing our progress by rising six spots higher than the previous score. The report showed we are working to achieve responsible consumption and production, but still have seven major challenges remaining out of the 17 SDGs.

Within this context comes the relevance of this trade show and sector. Statistics from Global Data Report on our local packaging industry revealed its market size valued at 64.4 billion units in 2022 which is expected to grow more than 5% by 2027. This industry, with keysectors consisting of machinery, technology, products and services, leads the market in the region.

Discussions by experts through seminars and conferences tackling the latest trends, innovations, challenges, and opportunities specifically in packaging and plastics will help provide new directions and insights on the way forward. Together with PPP 2024 exhibit, this venue can facilitate continuous learning, networking, and possible collaboration with both local and international stakeholders especially on sustainable packaging solutions, digital printing technologies, and proper plastic management. PHILEXPORT's mandate is consistent with these objectives. We will then remain steadfast in pushing for reforms and programs with partners in the private and government sectors that will help MSMEs in this sector to contribute further towards just transition as we pursue a sustainable, export-led national growth.

Again, congratulations and our wishes for more success!

SERGIO R. ORTIZ-LUIS JR.

President

WELCOME MESSAGES

The **Philippine Amalgamated Supermarkets Association (PAGASA)** salutes the organizers of ***the 30th PackPrintPlas Phils.*** in showcasing the latest in food packaging and processing, refrigeration, equipment, technology, materials, accessories and services and offering these to the various stakeholders involved in the business of food manufacturing/handling.

Today, consumers and the business sector alike continue to be alarmed by rising prices of food due to geopolitical pressures in our region. Food being the prime concern
of any government in the alleviation of poverty, processed food in particular will be
given utmost attention in tending to our economy's growth. As such, one can never
underestimate the contribution and importance of Trade Shows and Exhibits such as this
one in helping fuel the economy and at the same time provide innovative ideas and
fresh solutions to visitors and **PAGASA** Members in more efficiently servicing the
buying public.
We welcome the visitors to this Show and thank **Global-Link MP Events Int'l., Inc.,** the exhibitors and sponsors of this Event for explicitly providing opportunities to help grow our economy. May we all join hands in getting our economic act a-booming!

Mabuhay!

ENGR. GODOFREDO A. GRAVADOR
President

WELCOME MESSAGES

Congratulations to the organizers, partners, exhibitors and visitors and welcome to the 30th PackPrintPlas Philippines 2024!

We are thrilled to have you join us for this milestone event, where industry leaders, innovators, and advocates come together to explore the dynamic landscape of packaging, printing, and plastics.

Your presence here signifies a shared commitment to advancing sustainability in our industries.

At the Philippine Alliance for Recycling and Material Sustainability (PARMS), Inc., we believe that collaboration is key to addressing the pressing challenges of waste management and resource conservation.

This year's theme emphasizes innovation and responsibility, and as the leading Producers Responsibility Organization (PRO) spearheading Extended Producers Responsibility (EPR) mandate of law, we are excited to showcase cutting-edge technologies and practices on resource recovery towards a circular economy.

Throughout the event, we encourage you to engage actively visit our exhibitors, participate in insightful discussions, and share your experiences and ideas. Each conversation has the potential to spark new solutions and partnerships that can drive meaningful change in our sector.

Together, we can pave the way for a more sustainable future, where recycling and material efficiency are at the forefront of our operations. Thank you for being a part of this crucial journey.

We look forward to an inspiring and productive event! Again, congratulations

CRISPIAN LAO
Lead Convener and Founding President

WELCOME MESSAGES

On behalf of the Philippine Plastics Industry Association (PPIA), it is with great pleasure that we welcome you to PackPrintPlas Philippines 2024, celebrating an extraordinary milestone, our 30th anniversary!

We are immensely proud to be part of this prestigious event, which highlights the remarkable growth and achievements of our industry over the past 30 years. PackPrintPlas Philippines has evolved into a premier platform for exploring the latest technologies, forging valuable connections, and driving the future of packaging and plastics.

A special note of gratitude is extended to Global Link MP Events International Inc. for their exceptional efforts in organizing this celebration. Your dedication and expertise have been instrumental in bringing together industry leaders, professionals, and enthusiasts from around the world to celebrate this significant occasion.

We are excited to engage with our esteemed exhibitors and visitors, and we trust that your experience at PackPrintPlas Philippines 2024 will be both inspiring and rewarding. May this event provide new opportunities, facilitate meaningful partnerships, and inspire continued innovation in our industry.

Thank you for joining us in commemorating 30 years of excellence!

BENJAMIN CHUA

President

WELCOME MESSAGES

Welcome to PackPrintPlas Philippines 2024, I extend my warm greetings to all those gathered here today as we explore the latest, innovations, advancements, and trends in the Printing and Packaging Industries. This event offers a wide range of business opportunities due to its critical role in branding and consumer engagement. We hope you take advantage of everything this event has to offer.

We are so excited to have you here, get ready to explore new possibilities with big opportunities, learn and grow, and let's make things happen.

In behalf of the Philippine Printing Technical Foundation (PPTF), I would like to thank you all for your participation and engagement.

Antonio T. Tanael

President

9,130 sqm.
Total exhibit space

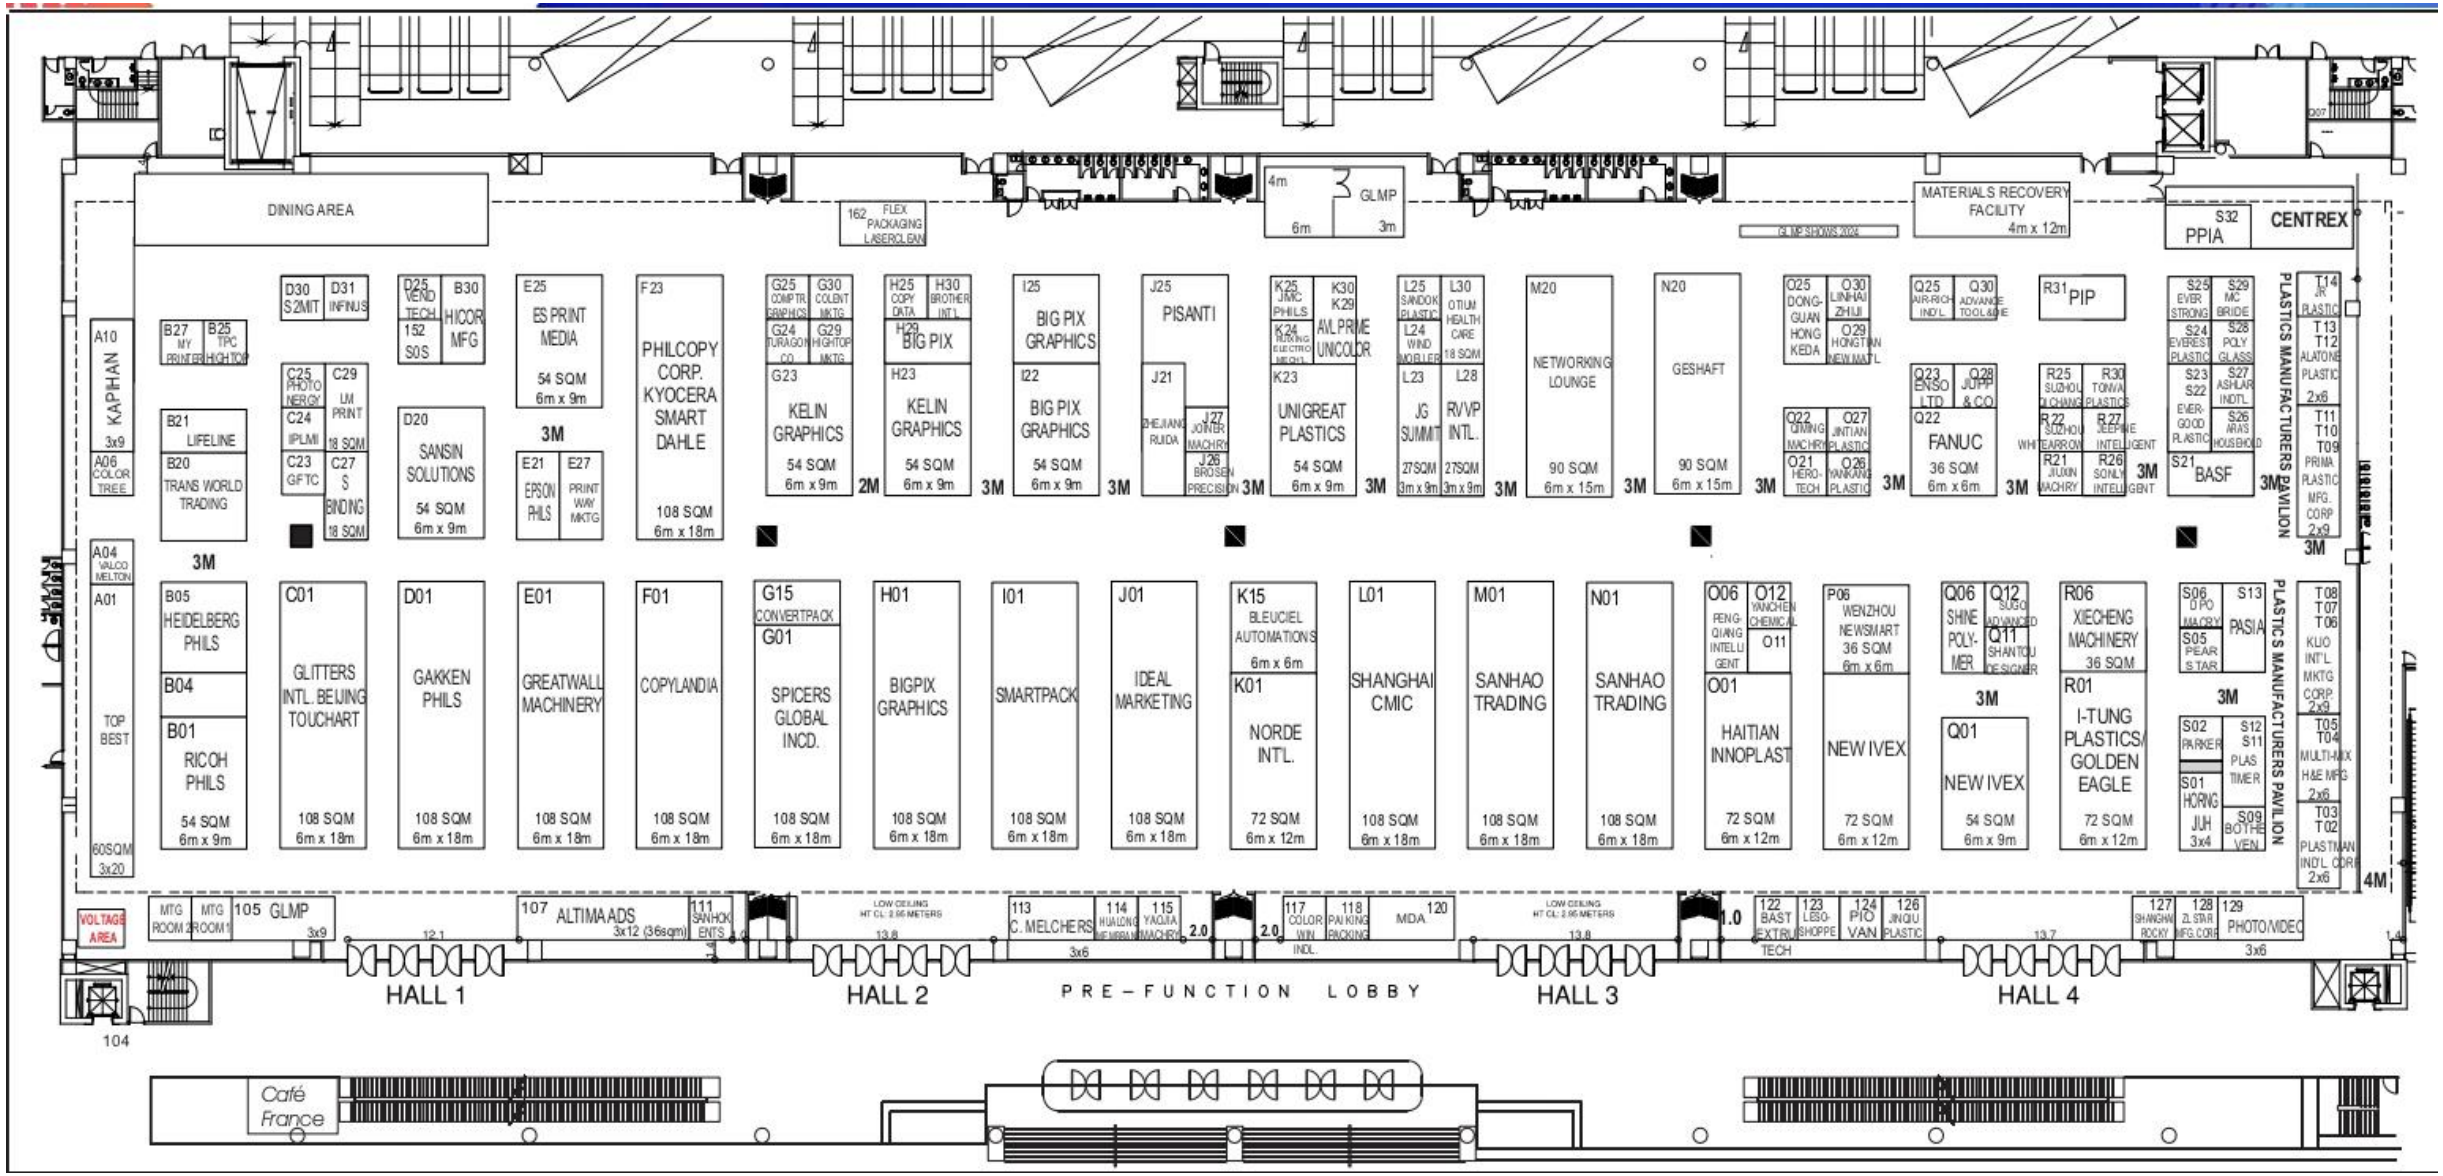

The Packaging, Printing, and Plastics Philippines 2024 celebrated its 30th edition from October 10 to 12 at the SMX Convention Center Manila, supported by key industry organizations including the Philippine Plastics Industries Association Inc. (PPIA) and the Packaging Institute of the Philippines (PIP). The event kicked off with a notable opening ceremony featuring speeches from prominent figures in the industry, including Messe Düsseldorf Asia's Managing Director, Mr. Gernot Ringling, and keynote speaker Hon. Blesila A. Lantayona from the Department of Trade & Industry. A highlight of the event was the commemorative activity centered around the Materials Recovery Facility Project (MRF), emphasizing sustainability in the packaging sector.

The exhibition featured 381 booths representing over 128 brands, attracting 10,534 visitors who engaged in various activities, including the Packaging Conference and the Awarding Ceremony for the MRF project. Notable discussions focused on global packaging trends and the challenges faced by the industry. Feedback collected from exhibitors and visitors revealed a high satisfaction rate, with over 90% expressing positive experiences, underscoring the event's success in addressing current industry issues and promoting innovative solutions.

EXHIBITOR FEEDBACK

TOP 3 REASONS FOR JOINING THE SHOW:

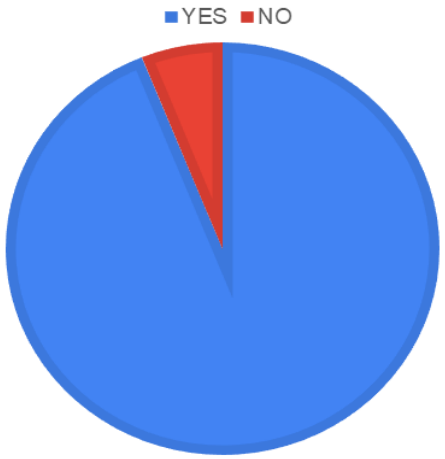

73% Overall Reputation of the Event

65% Quality of Visitors

58% Leads Generated

EXHIBITOR FEEDBACK

WERE YOU ABLE TO MEET YOUR TARGET MARKET?	
YES	93.7%
NO	6.3%

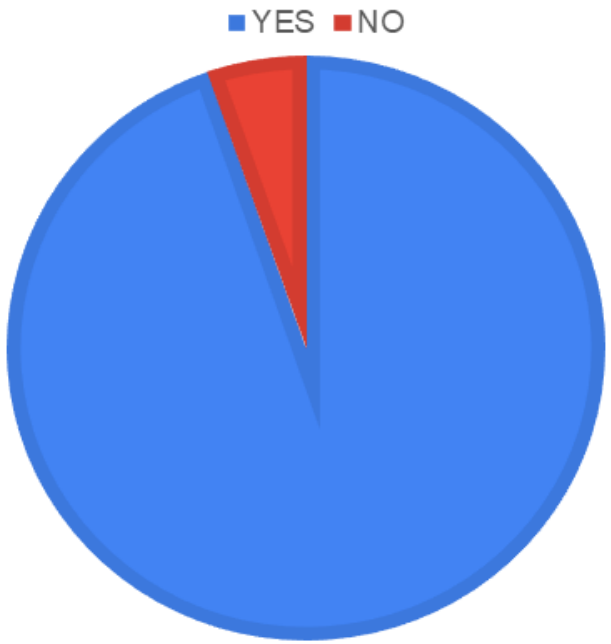

WERE YOU ABLE TO GENERATE SALES LEAD AT THE SHOW?	
Yes, we closed deals during the event	35.80%
Yes, we got a lot of inquiries	53.70%
Selling was not our main objective for joining	5.30%

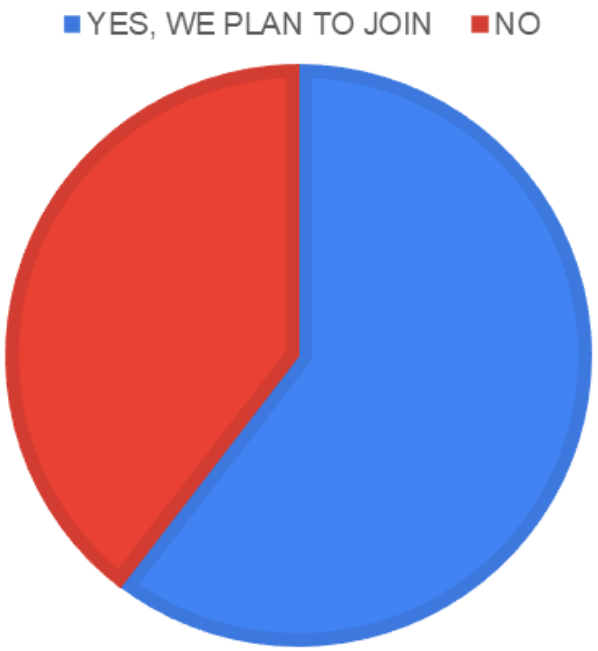

HOW WOULD YOU RATE THE EVENT EXPERIENCE AS A WHOLE?	
VERY GOOD	58.9%
GOOD	31.6%
FAIR	6.3%
NEEDS IMPROVEMENT	3.2%

EXHIBITOR FEEDBACK

ARE YOU INTERESTED TO YOU PACKPRINTPLAS PHILIPPINES 2025?	
YES	94.7%
NO	5.3%

ARE YOU PLANNING TO PARTICIPATE IN OTHER TRADE SHOWS THIS YEAR?	
NO	60.4%
YES, WE PLAN TO JOIN	39.6%

EXHIBITOR TESTIMONIALS

What part of the event did you like most? *(Comments or suggestions)*

"A favorite part of mine was the opening day. As this was our comeback in a long time, it was good networking, receiving inquiries, and having sale on the first day." **- PHILCOPY**

"Quality of visitors" - **Windmoeller and Hoelscher**

"The set up, how the visitors come and go here in the exhibit. " **- TPC HIGH TOP ENTERPRISES**

"The event place is huge enough to showcase our products and invite more customer. Very convenient event place." **- Heidelberg Philippines Inc.**

"Clients interaction and products presentation."
- Color Tree Label Corporation

"Good staff and Cleanliness." **- Pisanti**

"Volume and quality of visitors" - **S Binding Philippines**

"Ingress was smooth." **- Vendtech Ventures Inc.**

"Part of the event like most more on freebies, attracting booth, warmth welcoming and gives entertaining at this event."
-Brother International Philippines

"Meeting new customers and introducing new products and they showed interest with it."
- Plastimer Industrial Corporation

"Machines actual demonstration."
-**Great Wall Machinery**

"We were able to connect with our target market and existing customers during the show. We even got inquiries from our customers as well."
- MY Printers Supply

The seminars that were given by the suppliers
-Ideal Marketing and Manufacturing Corporation

EXHIBITOR TESTIMONIALS

How did you like the overall event experience?

"We like it very much." **- Wenzhou NewSmart Machinery Co ltd**

"Very good." -**Shanghai Rocky**

"Great Experience." - **Everstrong Helmet Manufacturer**

"It's a productive event." **- Ideal Marketing and Manufacturing Corporation**

"It was very good in attracting interested and potential leads" - **Topbest Printing Corporation**

"We will possibly participate next year again." **- Lesoshoppe Sdn. Bhd.**

"Very big opportunity for business to business long term partnership." - **Grandsource Apparel Corp.**

"Overwhelming, entertaining and approachable staff's and visitors. See you next year!" **-Brother International Philippines**

"Systematic and organized." **- Norde International Distributors**

"This event is amazing to exprience through this we met potential clients." **- LM Prints Solutions**

"Would definitely recommend!" **- MY Printer Supply**

"It was a good experience, will be joining again next year." - **Mcbride Corporation**

"Event was well-organized. **- Vendtech Ventures**

"We had inquiries, and some showed interest to do business with us. Also, we meet new suppliers for our own needs in the event." - **Plastimer Industrial Corporation**

"It was nice event organized by globalink." **- Ricoh Philippines**

Tax to double cost of plastic packaging, PPIA says

by Irma Isip | Oct 11, 2024

Irma Isip
Business | Enterprise

Student scouts weigh single-use plastics at a collection center at SM Mall of Asia in Pasay City on April 22, 2024. (PNA photo)

The plastic packaging industry is experiencing a single-digit growth at par with the economy's expansion but local players fear the cost of their products could double once the government imposes excise tax on single-use plastics (SUPs).

"The excise tax will result in demand destruction," said Benjamin Chua, president of the Philippine Plastics Industry Association (PPIA) on the sidelines of the opening of the PackPrintPlas Philippines 2024 in Pasay City yesterday.

Chua said bills are pending in Congress for the imposition of a P100 tax per kilogram on SUPs.

Chua said the cost of raw materials for plastics is P70 per kg and the finished product is at P90 per kg.

"That could easily translate to P190 per kg with the tax," Chua said, adding part of this would eventually be passed on to

Pack Print Plas Philippines 2024 慶祝三十年革新

10/03/2024

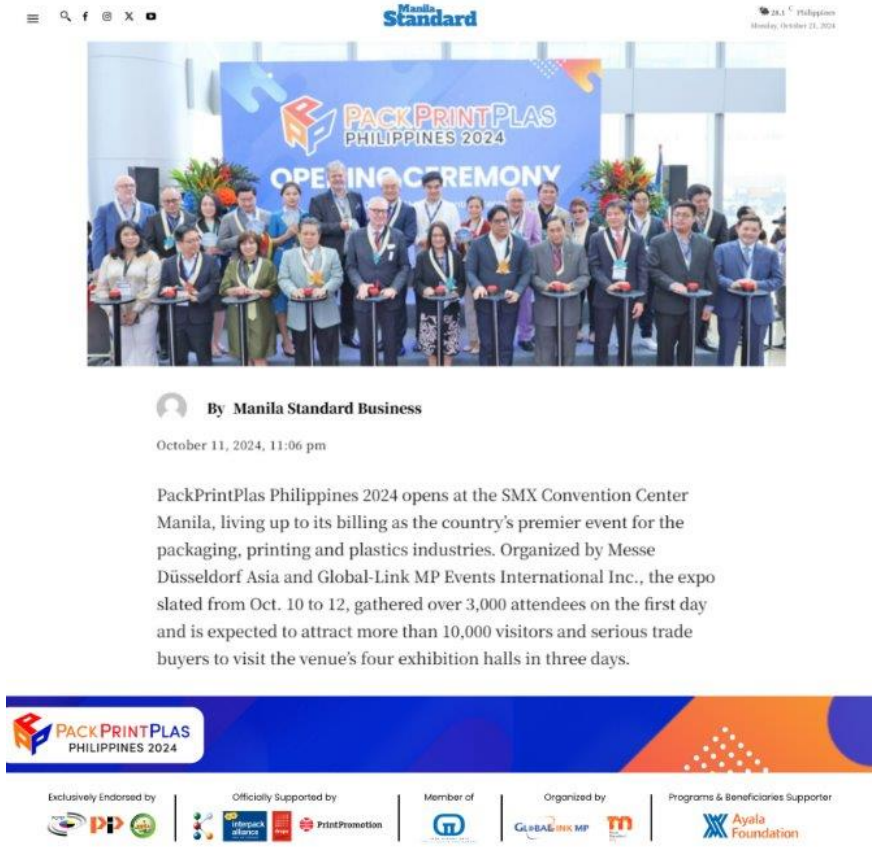

本報訊：Global-Link MP Events International Inc. (GLMP)與Messe Düsseldorf Asia (MDA)欣然推出第三十屆Pack Print Plas Philippines (PPP)，從二０二四年十月十日到十二日，展址為SMX Convention Center Manila，這次展覽會將為包裝，印刷與塑膠工業帶來新的局面與商機，展覽會的面積為超過九千平方公尺，包括超過五百尖端儀器及機器與生產設備。

去年的PPP展覽圓滿的結束，共有超過四百個參展單位，並吸引逾一萬個興緻勃勃的業界買者，而展覽期間只有三天。今年，展覽會主持者更上一層樓，配合Ayala Foundation, Inc.亞耶拉基金會，以提高參展商及參觀人士的歷練。今年的PPP展匯合科技，機器，服務及生產的精華於一爐。

Pack Print Plas Philippines 2024 – Commemorating 30 Years of Innovation!

By Ruby Agustin October 11, 2024 22

Get ready for an unforgettable experience as Global-Link MP Events International Inc. (GLMP) and Messe Düsseldorf Asia (MDA) proudly present the landmark 30th edition of Pack Print Plas Philippines (PPP) from October 10 to 12, 2024, at the SMX Convention Center Manila! This dynamic expo will redefine the standards of the packaging, printing, and plastics industries, featuring over 9,000 square meters of innovative exhibits, including more than 500 state-of-the-art machines and production equipment.

Last year's PPP was a resounding success, showcasing over 400 exhibitors and attracting more than 10,000 enthusiastic trade buyers in just three days! This year, we're raising the bar even higher in collaboration with Ayala Foundation, Inc., enhancing the experience for both exhibitors and visitors. Join us as we unite the brightest minds in technology, machinery, services, and production efficiency!

"There's so much to see this year! We're thrilled to host several international pavilions alongside our trusted suppliers who have supported PPP for years,

51st ANNIVERSARY 日聯報 UNITED NEWS

世界新能源汽車大會：從前沿科技窺見未來汽車

中新社海口電：中新社記者 王曉斌 為期三天的2024世界新能源汽車大會正在海口舉行。大會中展現的諸多前沿科技，揭示了未來汽車發展的趨勢：更節能環保，更智能便利。飛行汽車正朝著實用化方向邁進。

更節能，更環保

汽車行業想要全球就頻繁化並實現可持續發展，能源的高效利用是關鍵，比亞迪股份有限公司首席科學家廉玉欣介紹，相比燃油車，電動汽車用電池和電驅取代了原有的發動機和變速箱，動力傳統的效率從40%提昇至90%，廉玉欣指出，未來汽車一方面將持續提昇動力傳統的效率；另一方面，汽車還可以作為儲能單元，與風能、太陽能等可再生能源網絡進行雙向儲動，造動全產業鏈向低碳和環中和邁進。

新能源汽車存在電量密度和對較低、補能時間較長的問題。本屆大會評出的前沿技術「無鏈錶負極材料的全固態電池技術」，可使電池能量密度達到380 Wh/kg-500 Wh/kg；這意味著在相同體積和重量下，採用該技術的電動汽車續航里程可增加約三分之一。

雖然科電池可以讓新能源汽車擁有更長的續航里程和更短的補能時間，但氫燃料電池面臨成本較高和不易安全存儲的挑戰。本屆大會另一前沿技術「燃料電池乘用車模塊化儲氫系統」，通過單個集成或開門控制多個獨立儲存的儲氫罐，增加了儲氫容量，提高了整車的耐性和安全性，並能增加車內空間。

更便捷，更智能

汽車作為出行工具，自百年前發明以來，經歷了人駕駛車，車輛助駕駛到人監督車駕駛的階段，意前的自動駕駛技術如同一位新手司機，尚需進一步進化才能在複雜多變的交通環境中自如穿梭。

大會認定的前新技術「SuperDrive高階智能駕駛輔助技術」，通過引入一種「交互博弈」算法，使車輛能夠理解並預測駕駛人的意圖，從而更為合理和高效的駕駛決策。

除了智能駕駛「大腦」，座艙也力於將汽車感覺智能化，使其成為汽車的「人腦」。大會的新技術「一體化智能感艙技術」，使汽車感覺具有運動中心、能量中心、數據中心的三大功能。

與會專家指出，當車輛可以智能駕駛時，未來汽車座艙將不再感感駕駛的載體，其設計思路將從人機工程轉向人因工程，即從單純關注人與機器的交互，轉變為更加注重人的心理和情感需求，以提昇駕乘的愉悅感和舒適度。

飛行汽車開啟低空交通新時代

飛行汽車的構想和實踐已有百年歷史，中國工程院院士、機械設計及理論專家鄔喜傑指出，在初期探索階段，汽車界試圖將汽車裝上翅膀飛起來，而航空界則嘗試將飛機裝上輪子能起來。近年來，汽車電動化、智能化、網聯化技術與航空跨界融合發展，電動垂直起降航空器（eVTOL）的出現，使得飛行汽車的落地應用具備了技術可行性。

據不完全統計，中國國產已經面市的eVTOL已有20餘款，其中，有機型獲得中國民用航空局頒發的全球首張可用於載人的無人駕駛航空器型號合格證，標誌證明它進入可商。

項目開建為，飛行汽車將開啟低空智能交通的新時代，有望緩解地面交通壓力，拓展立體交通空間，也預示中國民用航空局今年2月發佈的數據表示，2023年中國低空經濟的規模已經超過5000億元人民幣，未來20年，飛行汽車產業引領爆發性增長，成為全球產業和投資熱點。

烏克蘭危機“和平之友”小組在聯合國成立

中新社聯合國電：（記者 王帆）當地時間27日，烏克蘭危機“和平之友”小組部長級會議在紐約聯合國總部舉行，會議由中共中央政治局委員、外交部長王毅與巴西外長維埃拉、沙特王國外交大臣費薩爾親王共同主持，埃及外長阿敦杜和阿提、印度尼西亞外長蕾特諾、南非國際關係與合作部長拉莫拉、墨西哥外長巴斯蒙納、讚比亞外交與國際合作部長萬其等10國“全球南方”國家代表出席。

王毅表示，我們在此聚會是為有一個目的，那就是尋求和平，烏克蘭危機已進入第三個年頭，戰火仍在蔓延，外溢風險上昇，和平曙光尚未顯現，局勢僵持令人擔憂，本次會議的召開，就是團結更多力量，匯聚更強聲音，為推動停火止戰，實現持久和平作出“全球南方”國家的努力。

王毅指出，中國在烏克蘭問題上始終秉持客觀公正立場，始終堅持勸和促談，始終站在和平一邊，從不主張明確現有一方的利益立場，從是非中而為史實和理上的根本遵循，中方國此發佈了《關於政治解決烏克蘭危機的中國立場》文件，派出特使開展穿梭外交，中國愿同巴西聯合發佈了“六點共識”，中方的主張和倡議努力得到了國際社會，特別是“全球南方”國家的廣泛響應。王毅強調，在和平談判尚未啟動之際，要堅定維和平，非軟硬壓迫，更不能製造戰略，越不能放松和平努力，越不能擴大戰火，越不能擴和平努力。烏克蘭戰事持續得越久，推動局勢緩和越是當務之急，中方願同巴西一道，再次呼籲應方衝突降溫“三原則”，即戰場不外溢，戰事不昇級，各方不放火，尤其不得使用大規模殺傷性武器，不得攻擊核電站等和平利設施，國際社會要堅定站在和平一邊，為和平提累積條件，為和平爭取希望，在和解和負責之間，要堅定選擇和解，做局勢難不走的鬼頭，和談制度是各方共同期盼，也是唯一正確選擇。要尊重各國主權獨立和領土完整，推守聯合國憲章宗旨和原則，重視各國合理安全關切，保障各民族正當生存空間，做國和民族和烏克蘭民族在同一片土地上共同生活，創造了共同的歷史，就該共解不開的心結，理應共同開啟再好未來。

在對話與對抗之間，要堅定選擇對話，衝突再大，矛盾再深，最終都要回歸到對話這條軌道，烏克蘭危機全面昇級之初，俄烏雙方曾接近達成協議，但加無果而終，其中原因應予反思。期待雙事方考慮通時重啟和談，在對話中相向而行，在談判中求同存異，公平討論所有和平方案，推動構建新的安全架構。

王毅說，巴西、中國、南非、埃及、印度尼西亞、土耳其等國家，作為致力於烏克蘭危機政治解決的“全球南方”夥伴，同意在聯合國平台發起烏克蘭危機“和平之友”的倡議，“和平之友”不是要在衝突中選邊站隊，不是要搞集團對抗，也不是要取代現有平台，我們希望促進合國，匯聚更多“全球南方”國家，發出更多聲音，平衡、理性的聲音，為停火止戰、重啟和談積累條件，營造氛圍。“和平之友”是開放的，歡迎更多志同道合的國家特別是“全球南方”國家參加進來。

Manila Standard

TOP ENTREPRENEUR. Robert Jordan Jr., founder and chief executive of Asiabank Finance Group, holds the Circle of Excellence Award for SME Company of the Year and Entrepreneur of the Year at the prestigious Asia CEO Awards. The recognition underscores Asiabank's pivotal role in supporting the growth and development of micro, small and medium-sized enterprises (MSMEs) in the country.

First Gen vows proper balance in energy supply

By Alena Mae S. Flores

FIRST Gen Corp. said it positions its portfolio of low-carbon power plants, including its natural gas-fired facilities, as balanced solutions to address the country's "energy trilemma."

First Gen vice president Carlo Vega said at the Economic Journalists Association of the Philippines renewable energy forum that its RE facilities and its gas-fired power plants provide "proper balance" and "multi-faceted solutions" that address the trilemma of energy security, energy equity or affordability, and environmental sustainability.

Vega said providing solutions to the trilemma comes with its own challenges such as build more power plants to achieve energy security.

The company cited the need to balance the trilemma with environmental sustainability.

Vega said the Philippines has committed to rely on coal plants for the past 23 years to meet energy demand growth.

The share of carbon-intensive coal-fired power plants in the power generation mix went up from 7 percent in the 1990s to 60 percent. "The question now is: Do we use the same choice of supply?" Vega asked.

He said, "It's actually not a transition [to a green economy], if we continue to emit the same amount of carbon [dioxide]."

"We feel that this [or natural gas] is the solution because of two things: One, it is in fact, without a doubt the least-carbon-emitting fossil fuel source of power. Whether it's 50 percent, 55 percent or 60 percent lower, it [emission of natural gas] is much lower than coal," Vega said.

Plastics industry expects sustained growth despite ban in some cities

By Othel V. Campos

THE Philippines' plastics industry expects a single-digit growth, potentially at par with the gross domestic product performance in 2024 and the near term despite the ban on the use of single-use plastics in some areas and growing anti-plastic campaigns.

Philippine Plastics Industry Association (PPIA) president Benjamin Chua said the industry continues to comply with the law, striving to reach recovery compliance of 80 percent in the fifth year.

"We're now on our second year. We are already ahead of our target of reducing plastic waste by 20 percent by 2024," Chua said at the opening of the three-day "PackPrintPlas Philippines 2024 Expo" at the SMX Convention Center Thursday.

Despite the pressures from different local government units, particularly in Metro Manila, the group believes that the industry would continue to thrive.

While acknowledging the environmental concerns surrounding plastic waste, Chua said the Philippines is making significant strides in reducing its plastic footprint.

The growth of the Philippines plastics industry is driven by increased demand across various sectors, including packaging, construction and electronics.

The rise of e-commerce and the growing need for smart packaging solutions, particularly in food and healthcare, are expected to support the expanding industry.

According to Messe Düsseldorf for Asia region head Germot Ringler, the Philippines packaging industry is projected to reach 69 billion units by end-2024, with an annual growth rate of 3.3 percent.

Lawyer questions BFAR bidding process for vessels

A FORMER assistant prosecutor at the Office of the Ombudsman questioned the bidding process of the Bureau of Fisheries and Aquatic Resources (BFAR) for new vessels worth P2.1 billion for allegedly banning observers and members of the media.

Lawyer Faye Singson said BFAR's special bids and awards committee (SBAC) did not allow reporters who were assigned to cover the bidding to ensure a fair and impartial process scheduled Thursday and Friday.

The projects under Bid Reference 2024-62 and 2024-63 involve the acquisition of multi-mission offshore vessels, refrigerated cargo vessels and steel-hulled fishing vessels, with a total project budget exceeding P2.1 billion.

Singson informed Department of Agriculture Secretary Francisco Tiu Laurel Jr. the members of the SBAC violated several provisions of Government Procurement Reform Act of 2022. BFAR in an attached statement to the DA.

She said that under RA 9184, SEC. 13 states that "to enhance the transparency of the bidding, the BAC shall, in all stages of the procurement process, invite, in addition to the representative of the Commission on Audit."

At least two observers should sit in its proceedings, one from a duly recognized private group in a sector or discipline relevant to the procurement at hand, and the other from a non-government organization including members of the media.

DIGITAL CITY. Dumaguete City Mayor Felipe Antonio Remollo and Bangko Sentral ng Pilipinas (BSP) Visayas regional director Anna Clara Oville lead the launching of Paleng-QR Ph Plus at the Dumaguete City Public Market on Sept. 25, 2024. Paleng-QR Ph Plus, the national standard for quick response (QR) codes, promotes digital payments in public markets, public transportation and business establishments.

DOST, SM Group sign agreement on plastic waste management

By Ralph Harvey Rirao

THE Department of Science and Technology (DOST) signed a memorandum of understanding (MOU) with SM investments Corp. to advance the development of sustainable plastic waste management strategies during the Tactics for Better Plas TIK [Technology, Innovation, Knowledge]" forum on Thursday.

The two organizations agreed to work for joint research and development, training programs and conferences for scientific and sustainable plastic initiatives.

DOST Secretary Renato Solidum Jr. said the collaboration would bring opportunities for industry players.

"We thank the SM for this partnership, and we are optimistic that through this collaboration we can provide solutions and open opportunities for industry player and for our citizens," Solidum said.

"DOST remains committed to bring technologies from development stage to real world application," he added.

SM Investment consultant and head of sustainability and investor relations Timothy Daniels highlighted the social responsibility of private companies in contributing to a greener and sustainable waste management in the country.

"Being a responsible company is important to SM, and plastics are a real sustainability issue for the country. We are keen to work with our many stakeholders to reduce plastic use in the Philippines. We always look for practical solutions," Daniels said.

"This collaboration with DOST will enhance our collective waste management efforts and also foster knowledge sharing and sustainable partnership across sectors to help achieve that," he said.

The SM Group noted that their retail and mall teams were taking steps to reduce plastic use. A standardized waste segregation policy called Recyclable, Disposable and Compostable (RDC) and a mall wide campaign called Waste- Free Future are currently being implemented.

BIR'S AWARDS. Bureau of Internal Revenue (BIR) Commissioner Romeo Lumaquin Jr. (center) receives the Cybersecurity Vanguard award from the United States Agency for International Development (USAID) through the latter's Better Access and Connectivity (BEACON) Project on Oct. 3, 2024. Several BIR personnel also received cybersecurity awards from the USAID during the Cybersecurity Month. The accolades celebrate the BIR and its personnel who have excelled in embodying cybersecurity initiatives and best practices, serving as exemplary models for others.

NFA to test use of secondhand sacks to cut costs by over P200m

THE National Food Authority (NFA) said it will start pilot testing the acceptance of palay (unmilled rice) bagged by farmers in new and good secondhand sacks, a measure that could save millions of pesos.

NFA administrator Larry Lacson said the savings could be channeled to buying more palay for buffer stocking and boosting farmers' incomes.

"At 20 percent of 6.4 million bags of procurement target during the main cropping season, NFA will save around P27.4 million in the fourth quarter alone in terms of the cost of new sacks and warehouse handling," he said.

The NFA said the pilot test would cover 20 percent of the target 6.4 million 50-kilogram bags of palay.

Lacson said that if the pilot testing succeeds, the agency would implement it next year with up to 90 percent of palay to be procured and allowed to be bagged in farmers' sacks.

"At 90 percent of procurement target of 10.9 million bags of palay next year, we could save around P215.5 million, an amount the NFA could use to buy an additional 7,700 metric tons of palay at an average price of P28 a kilo," he said.

The NFA decided to accept palay in farmers' sacks during various consultations with farmers nationwide.

Othel V. Campos

IN BRIEF

PalawanPay teams up with CleverTap

PALAWANPAY, a leading e-wallet from the Palawan Group of Companies, teamed up with CleverTap to elevate customer engagement, deliver personalized experiences and drive substantial growth.

"We are thrilled to collaborate with PalawanPay in their accelerated growth journey as they aim to transform financial services in the Philippines. Our goal is to assist them in empowering digital-first businesses to create meaningful customer experiences through personalized engagement and data-driven strategies," said Marc-Antoine Hager, regional head for Southeast Asia at CleverTap.

"By integrating our platform, PalawanPay has been able to forge deeper connections with users and address critical challenges around user engagement and retention. We look forward to partnering with them to achieve even greater milestones together," he said.

By deploying CleverTap's integrated platform, PalawanPay engages with over 20 million users and has over 1.5 million users in conversion rates, for new users within one week of the first app launch, with precisely unbanked individuals in the Philippines gaining access to digital currency.

Klook celebrates 10th anniversary

CELEBRATING its 10th anniversary, Klook, Asia's leading platform for experiences and travel services, is leveraging its scale to introduce a range of initiatives to drive positive impact, fostering sustainable tourism and supporting local communities.

An independent study by Oxford Economics, titled "Klook's Economic Impact," forecasting from 2024 to 2026, reflects the significant impact of the company's operations beyond the platform itself. In 2023, Klook's services contributed about $7.2 billion in gross domestic product and supported over 239,000 jobs in Asia Pacific, reaffirming its pivotal role as an economic driver in the region's tourism sector.

"Our first ten years have been about building a global platform that not only enables unforgettable experiences but also supports the local communities we work with," said Klook CEO and co-founder Ethan Xu.

"With over 80% of our partners being small and medium businesses, we are committed to creating real economic opportunities for these communities, which are the backbone of local economies, helping to foster resilient and sustainable futures for tourism in Asia," said Lin.

Digital banks face higher credit risks

FITCH Ratings said most Asia-Pacific digital banks have higher credit risks than incumbent rivals due to their focus on underserved or unbanked market segments.

It said, however, the ratings of digital banks within Fitch's portfolio are generally driven by expectations of extraordinary support from their shareholders rather than their standalone credit profiles.

"Digital banks have a sharper higher loan-impairment rates to compensate for higher default rates, but it has still been challenging to manage credit risk while growing loan books and targeting underserved segments, in particular in some countries with low household incomes," Fitch said.

The risk is highlighted by a recent spike in credit costs at some digital lenders against the backdrop of relatively high interest rates in countries like Indonesia, the Philippines and Hong Kong.

At least 16 of the more than 45 digital banks in the region have achieved breakeven, including six in Japan where such banks tend to be more risk averse and have a longer record of profitability.

The Philippines' top packaging, plastics, and printing show!
PACKPRINTPLAS PHILIPPINES 2024
October 10-12, 2024
SMX SMX Convention Center Manila
Who should visit the expo?
Manufacturers
Companies that produce packaged goods, food & beverage companies, pharmaceutical companies, and any business that relies on packaging for their products.
Packaging Designers & Engineers
Professionals involved in designing and developing packaging solutions for different applications.
Printing Companies
Businesses that provide printing services for packaging materials, labels, and marketing materials.
Decision-makers and Buyers
Company owners, purchasing managers, and executives from various industries who make purchasing decisions related to packaging, printing, and plastics.
Logistics & Distribution Companies
Companies that operate transportation and distribution, manage supply chain, shipment, and logistics, and involve in e-commerce.
Why should you visit?
Discover new packaging and technologies. Explore innovative and sustainable materials, advanced printing techniques, and machinery. Uncover the latest printing technologies, inks, and equipment. Source new suppliers and improve cost-efficiency. Find lightweight packaging materials and solutions that optimize storage space and ensure durability during transportation.
What to expect from the show?
Look for over 250 brands presented in the expo!
